2022-2023 TAX COLLECTIONS: All Personal Property, Special Assessments/Charges and one-half of Real Estate Taxes (First Installment) are due **January 31, 2023**. Special Assessments and Special Charges **cannot** be postponed, as these amounts are due with your First Installment and will be taken out of all payments first which could leave a portion of your Real Estate taxes delinquent if enough funds have not been included to cover all Specials, plus the First Installment.
